Hi Mike:

Thank you for chatting with me just now.

As I have indicated on the phone, we are trying to transfer \$500K from R9's FY21 pipeline fund to NOAA's Office of Marine and Aviation Operations for Southern California Deep Ocean Disposal Site #2 survey scoping work.

This is a high priority and urgent project.

Based on the conversations between my senior management and NOAA, we believe the easiest way to get the money to NOAA is to go through your IAG (DW-013-92501801-2) – files attached.

Can you tell me what you will need from me to transfer the \$500K to NOAA please?
Any help would really be appreciated.

Thank you and have a wonderful evening!

J
